**Please Help Us Pay Lindy's Vet Bill**

Lindy had emergency surgery to remove her right rear leg. She was a stray in Cross Creek and probably got caught in a leg hold trap. Bone and muscle were exposed and the leg was badly infected. In spite of her extreme pain, Lindy licked the hand of the vet tech who fed and comforted her. Please help us to pay Lindy's vet bill and we are hoping for a forever home. God bless!
